

Prayer for those who contemplate or commit suicide

At this time, Beloved Creator, we remember with compassion all the desolate ones who contemplate destruction of their own flesh, and the desperate ones who have already died at their own hand.

We commend these souls to Your mercy and solace, dear Mother of God, and we ask that our heartfelt support be directed to all those who feel so bereft of loving comfort and guidance that they are driven to suicide.

Please grant, through the power of the Holy Spirit, the means for our goodwill to reach them in their extremity. Please grant that we may create a warm glow of caring acceptance and acknowledgment to help them find their way back to your heart.

We thank Dalry & John O'Donnell, Ayr, North Queensland for this prayer.
